(2) The dismissal of a woman at any time within six months before she is delivered of a child, if the woman but for such dismissal would have been entitled to obtain maternity allowance under these rules, shall not have the effect of depriving her of the maternity allowance if the Chief Inspector is satisfied that her dismissal was without cause.

(3) If the confinement involves illness incapacitating a woman for work the employer shall not be entitled to dismiss or give her notice of dismissal, if she fails to return to duty on the expiry of eight weeks after the date of delivery without getting the approval of a certifying surgeon who may increase the period of absence if he considers fit.
